THIS STATEMENT REFLECTS ONLY THE LATEST PERIODS. PLEASE ACCESS YOUR TAX COMPLIANCE STATUS ON YOUR COMPLIANCE DASHBOARD TO VIEW YOUR OVERALL TAX COMPLIANCE STATUS. ETI EMPLOYERS: ETI DOES NOT FORM PART OF THE COMPLIANCE DASHBOARD. TO VIEW ETI BALANCES, REQUEST A STATEMENT OF ACCOUNT.

Statement of Account - General Information

1. The following needs to be taken into account when interpreting this statement of account:

1.1 This statement of account reflects your consolidated PAYE, SDL and UIF liability for the statement period specified and the balances for the transaction year associated with the statement period and the previous 2 transaction years. It does not reflect your full liability across all EMP501 transaction years for which you are liable. Requests for a statement of account relating to the 1991 and later EMP501 transaction years may be requested on-line via SARS eFiling or via the SARS Contact Centre. Statements of Account relating to earlier EMP501 transaction years must be requested from your local SARS Branch Office.

1.2 Information about the status of each registered employment tax is reflected in the "Status Information" table. It will reflect the status of the employment tax (as per the issue date of this statement of account), as well as the date when the status became effective. More information about employment tax statuses can be obtained from sars.gov.za.

1.2.1 If you disagree with the status information, update your registration details via eFiling or at a SARS Branch.

1.3 The statement of account may also reflect certain transactions on the part of SARS to allocate unallocated payments to an existing debt or to estimate a return for a period where you made a payment but did not submit a return. If you do not agree with these transactions undertaken by SARS you can use the mismatch functionality to reallocate the payment(s) or you can submit a return for the relevant period. If you do not agree with the allocation made by SARS,you may request the correct allocation in writing. Where SARS has estimated your liability, an original return must be submitted via eFiling or SARS e@syFile Employer or at a SARS Branch.

1.4 All transactions processed up to the issue date of this statement of account that are related or assigned to the statement period requested are displayed as follows:

1.4.1 All liability transactions are grouped together and sorted in transaction date order with the exception of non-financial transactions with a date earlier than the first day of the period;

1.4.2 Other transactions are sorted according to transaction dates;
ETI transactions, which have no impact on the PAYE account, have been grouped together and will reflect after the "Cumulative balance"; Receipt numbers for journal and payments are included to allow you to uniquely identify payments and enable you to reconcile back to your bank statement.

1.5 All unallocated payments at the issue date of this statement of account are reflected under the heading "Unallocated payments excluded from the cumulative balance". Unallocated payments those payments that have not been assigned to a tax period, and as a result, to a specific EMP501 transaction year. This may have resulted from an incorrect payment reference number being used or an incorrect EMP201 filing. Procedures to correct payment allocations may be obtained at your local SARS Office, SARS eFiling, or sars.gov.za ("How to allocate my payment...").

1.6 The word "Continue" is printed in the event that the number of transactions relating to an EMP501 transaction year exceeds a specified limit. The statement of account will, however, still display the full transaction value for the selected period in the Cumulative Balance. In order to receive all transactional details, please reduce the tax periods within your statement of account request.

1.7 Any amount representing a credit balance is preceded by a minus (-) sign.

1.8 Compliance Information

1.8.1 SETA code indicates the SETA and Chamber code for active SDL registrations

1.8.2 Outstanding EMP501 reconciliations and EMP201s indicate returns that are currently outstanding. Please ensure that such returns are filed urgently. The word Continue is printed in the event that the number of compliance failures exceeds a specified limit. Details of all compliance failures may be obtained from your local SARS Office.

2. All returns and assessments may be subject to audit which could result in a revised assessment being issued.

3. Caveat - A decision by the Commissioner to temporarily write off an amount owing does not absolve the employer from the liability and the debt may be re-instated at any time.

4. Interest - The rate of interest based on the rate determined by the Minister of Finance in terms of the Public Finance Management Act, 1999. All PAYE, SDL or UIF amounts that remain unpaid past due date, accrue interest on a daily basis at the prescribed rate.

5. Late payment penalty - A late payment penalty will be imposed on all late payments and/or underpayments at a rate of 10% of the amount underpaid.

6. EMP 501 Admin penalty - For each month that the employer fails to submit a complete EMP501 reconciliation, 1% penalty will be imposed, which in aggregate will not exceed 10% of the total amount of employees' tax for that stated tax period. It is advisable to submit this reconciliation immediately to avoid recurring monthly penalty amounts. Login on to eFiling, e@syfile or visit a SARS branch to submit this outstanding return.

7. If the total amount of employees' tax deducted or withheld for the reconciliation period is unknown, the Commissioner may estimate the total amount based on information readily available to calculate and impose the admin penalty on the amount so estimated.

8. If SARS has raised an estimated admin penalty and you are aggrieved by the penalty assessment, then please submit your EMP501 reconciliation to correct the admin penalty amount. Login on to eFiling, e@syfile or book a virtual appointment on SARS Booking System to submit this outstanding return.

9. If you are aggrieved by the penalty assessment notice, you may on or before the due date stated in the notice of penalty assessment submit a 'Request for Remission' (RFR) via eFiling, or at any SARS Branch. The RFR must include a description of the circumstance(s) that prevented you from complying with your obligation(s).

10. Payment allocation and payment reference numbers - Always quote the unique payment reference number (PRN) when making payment. Payments will be allocated to your account in the following manner: 1st Penalties, 2nd Interest, 3rd Tax. Payment allocations to tax periods are based on specific allocation rules which are linked to the unique PRN used on each EMP201 filed. Payment allocation rules are available from sars.gov.za or eFiling.

11. Payments are to be made electronically or at the approved financial institutions. When you make a payment, please ensure that you use the correct payment reference number. The following payment channels are available to you:

- Via SARS eFiling (sarsefiling.co.za)
- SARS e@syFile EmployerT
- Electronically using internet banking (EFT - electronic fund transfer)

• At a branch of one of the following banking institutions: ABSA, Capitec, FNB, Nedbank or Standard Bank

For more details on payments process details visit the SARS website (sarsefiling.co.za)

12. Change of address and banking details - Notify the SARS branch nearest to you of any change of registered particulars within 21 business days of any such change.

13. Net tax due or a refund amounting to R100 or less need not be settled, but will remain on your account. However, interest resulting from this amount will be calculated per note 4 above.

14. Your obligation to pay any amount due in is not suspended by any objection or appeal but SARS will consider a motivated application for such suspension of payment pending the finalisation of an objection or appeal as stipulated within the relevant act.
